Group History

In 2006, we started developing and distributing a range of dietary supplements that are produced under the supervision of a world renowned gastroenterologist. Our wide range of supplements and health foods are now distributed throughout Japan through a variety of sales channels. With seven companies in the group, we have now branched into personal care products, cosmetics, food, and household goods

Vision statement

“The Art of Living” ~ Borderless development and search for unique brands.

Our worldwide development and search for unique and high quality products cross all borders, and we strive to propose and present ideas for a new lifestyle and enhance your existing quality of life. This is the passion behind our motto of “The Art of Living.”

What we do

With our supplement business as our core, we also produce and distribute throughout Japan, a variety of personal care, food, interior, and lifestyle products.

Our strength is our ability to set up the best marketing strategy and find the distribution channel to match the brand with the market. With our worldwide network spanning different channels, we will find the best possible route to achieve maximum sales volume. Our distribution network and channels are not only in Japan, but expand throughout Asia to such countries as Hong Kong, China, Korea, Taiwan, Singapore, India, Indonesia, and Thailand, and also throughout Europe to the United Kingdom, Denmark, Russia, Sweden, Norway, Germany, France, Italy, etc.

Our Group:

Supplement Division

A wide range of dietary supplements, specialising in enzyme products are manufactured and distributed throughout Japan. We continuously strive to improve and to expand our product line to suit the needs of the market. Through our office in HK, we now distribute our supplements throughout Asia, and our global plans will lead us to distribution in North America.

Cosmetics and Personal Care Division

We are the exclusive distributor in Japan for some of the largest and globally renowned cosmetic and personal care brands. We are always searching for quality brands which we feel have a place in the Japanese market. For some brands, our distribution network now expands throughout Asia.

Food Division

We have developed our own unique line of Superfood and RAW products, and along with our distribution of imported items, we will soon open our own shops throughout Japan.

General Merchandise Division

From our office in Copenhagen, Denmark, we design our own interior and lifestyle brand. The collection includes furniture, tableware, accessories, umbrellas, room fragrances, and bath items which are sold and distributed throughout Europe and Asia.

Retail and Store Operation Division

We launched our first retail shop in Japan in July 2013, and in Copenhagen in February 2016. .

Our global plans will allow us to open a new type of apothecary/café style shops throughout Asia, and North America.

LLuxury Antique and Interior Division

We have gone to all corners of the world in search for luxury antique furniture and home interior goods, such as artificial flowers, plant pots, and vases. Our beautiful showroom is also available for use as a studio.
